Hello dear class 6a,

How are you? It would be really interesting to know how you have spent your time and how you feel about this new situation-no lessons. What a pleasure!

So your task for this week is to write an email to me telling me about it.

Think of activities for each day e.g. on Monday I slept a lot.... And describe your feelings. If something special has happened you can describe that as well.

Make sure you use the past tense when you use signal words like last week, a few days ago...., the present perfect with signal words like already, now, still, not yet..... and the will future with signal words like tomorrow, next week....

You can use my iserve address or my school email address: claudia.werner-tomschi@ggjr.de

Have fun.

Yours

Mrs. C. WT
